**Subject: Questions - Covid19**

Hi,

With regard to your questions with Southern districts and border closure, SIMNSA is working closely with CBP and the Mexican government and there are no plans to close the border in the near future.

Regarding COVID-19, SIMNSA will abide by the State of California's mandate on cost-sharing. There will be no applicable copays for COVID-19 screenings.

I have also attached out two communication flyers on how SIMNSA is following procedures in regards to the COVID-19.

Please note that the California Dept of Health and Human services are advising against members going to Emergency Rooms to limit the risk of the spread of COVID-19. If a member is seeking screening, they are advised to go in-network to our clinic for testing.

Thank you,
